

# Indexical Reminder Of A Morning Well Spent

The Japanese House

I bring myself around  
I leave my things around  
Look at this clip I found  
I watch it 'round and 'round and 'round

She's growing in the garden  
I read three pages but I didn't read them  
I came inside and turned the light on  
I was afraid I couldn't see them

I'll twist my head around  
I'll turn myself around  
Talk to a friend I found  
She throws me 'round and 'round and 'round

Somebody said she's right around the corner  
I think you're getting warmer  
Just take another step towards her

I bring myself around  
I leave my things around  
Look at this clip I found  
I watch it 'round and 'round and 'round

I watch it 'round and 'round and 'round  
I watch it 'round and 'round and 'round
