

Kill Surf City

The Jesus and Mary Chain

I love baby and she loves me
I lost my baby in the deep blue sea
I'm gonna turn my trick
Gonna blow your head
Til I'm almost dead

I'm gonna kill surf city with a loaded gun
Got to surf city like a nuclear bomb
I'm gonna fight surf city, got to get it down
I'm gonna kill kill get it down
I got to get, get, surf city

I hate honey and she hates me
But that's the way it's supposed to be
I'm gonna run, gonna run till I hit the sun
Some evil cunt's gonna get my gun

I'm gonna kill surf city, got to get me a gun
Got to fry surf city with a nuclear bomb
Got to get them all day

I'm gonna
surf city

Here she comes now
Down to the back where she came from
I've gotta sit that mother down
Somebody knows me and I know them
Fuck fuck
