

Falling Down

The Jesus Lizard

Don't call me courageous
But don't think I'm a fool
This blessing's contagious
Where your son goes to school
He can rewrite the pages
He can rebreak all the rules

This is now
Falling down

The teachings of ages
Those tutors were cruel
They kept birdies in cages
Called Einstein a tool
He can rewrite the pages
He can rebreak all the rules

This is now
Falling down

Don't call me courageous
But don't think I'm a fool
This blessing's contagious
Where your son goes to school
He can rewrite the pages
He can rebreak all the rules

Forcing cool into uncool
Forcing cool into uncool
Forcing cool into uncool
