The Jesus Lizard

```
Driving down the road at night, I didn't want to listen anyway
The conversation ended right, I know what you're about to say
Shut up, shut up, shut up, shut up why don't ya
Shut up, shut up, shut up, shut up
Shut up, shut up, shut up
I'll go ahead and leave you here, argue with yourself all night
I got a lot of things to do, I just want you to get out of sigh
t
Shut up, shut up, shut up, shut up why don't ya
Shut up, shut up, shut up, shut up why don't ya
Shut up, shut up, shut up, shut up
Shut up, shut up, shut up, shut up
```
