

When You're Young And In Love

The Jets

Spring in the air
There's magic everywhere
When you're young and in love
Life seems to be
A world of fantasy
When you're young and in love

Each night seems just like the Fourth of July
When stars spangle the sky

The moon at night
(Shine so bright)
Seems to shine twice as bright
When you're young and in love
Dreams can come true
(Try your dreams)
If you believe they do
When you're young and in love

So many teardrops about to fall
True love can conquer all
When you're, when you're young and in love

Today is the day we make our promises
You and I, together
Make this dream last forever

All the teardrops about to fall
True love can conquer all
When you're, when you're young and in love

Trust and you'll find, ooh
There's no mountain you can climb
When you're young and in love

So many teardrops about to fall
True love can conquer all
When you're, when you're young and in love
