

# Attitude

The John Butler Trio

Hey man why you always give me Attitude?  
What I, what I ever Done to you?  
If you got a bone to Pick  
Step outside step Outside talk about it

But I talk with words man  
I don't talk with my fists  
I'm sick of all this aggression  
Hell you know I've had enough of it  
But I don't mean to Offend you  
So tell me if I have tell me if I have  
Don't give me attitude  
Don't you give me attitude

Hey man why you always laughing at me?  
What's so, what's so funny?  
Cos take a look in the mirror say now what do you see?  
You are just, you are just like me

And I'm easy going  
I listen to what you gotta say  
And if i was wrong, if i was wrong  
I'd say sorry.  
Cause i don't mean,  
No I don't mean to offend you  
I got my own Demons  
Don't need bad karma too

Cos truth is the only way  
So express what you're feelin  
Say what you've gotta say  
Without blaming, without blaming.
