

Ride My Rocket

The Jompson Brothers

Well, I'm a spaceman, baby
I got my helmet on the side
You know you flip my switches
You make my fire ignite

Don't you wanna ride
Ride my rocket?
Don't you wanna ride
Ride my rocket?

I wanna take you on a trip
You know the kind you like
It's gonna rock you, baby
It's gonna take all night

Don't you wanna ride
Ride my rocket?
Don't you wanna ride
Ride my rocket?

Don't, don't, don't
Don't you wanna ride
Ride my rocket?
Don't you wanna ride
Ride my rocket?

Don't you wanna ride
Ride my rocket?
Don't you wanna ride
Ride my rocket?
