

Skeleton Key

The Jompson Brothers

Butterflys and flowers and rainbows
Butterflys and flowers and rainbows

Got that thing
Locked up tight
It's a tragedy
Girl it is just ain't right
Don't be shy
Because we are all alone
Let me give you something that will shake your bones

You know what it is
My my my skeleton key

Don't believe everything you hear
I won't tell I won't say a word
Open the door girl let me in
Give that sweet sweet stuff let the fun begins

You know what I'm talking about
My my my skeleton key

Not everyone can know what's nice
If you use it once then you use it twice
If is made for you is a perfect fit
And I know you know, you know, you know what to do with it

Just take it in baby
My my my skeleton key

Oh baby baby don't you be like this
Won't you gimme gimme gimme just a little kiss
Oh girl I can set you free
I can make it better than you though it could be
Cause I want you and I need you
I gotta gotta have please don't you see
Cause I want you and I need you
I know you got me baging baby on my knees
Cause I want you and I need you
There ain't nobody doing the things that I can do
Yeah I want you and I need you
So just use use use so just use my skeleton key
