

Blinded

The Jungle Giants

I need a little love and affection
A little time and attention
Will get me through through the day

And, finally
And, finally, we are doing the motions
And if you're running on low
I can bend the other way

I pointed at the sun
And I can't look away
Night and Day

I'm still
Blinded by your love
That's ok
Ohhh yeah

Darling, I think I need a resurrection
Ahhhhh
Oh a summer vacation till I see another way
Oh and another thing
If I don't see you after tonight
That would be a fry
That'll shake me till I cry

I pointed at the sun
And I can't look away
Night and Day

I'm still
Blinded by your love
That's ok
Ohhh yeah

I'm still
Blinded by your love
That's ok
Ohhh yeah

I'm still
Blinded by your love
That's ok
Ohhh yeah

I'm still
Blinded by your love
That's ok
Ohhh yeah

Blinded by your love
That's ok
Ohhh yeah
