

## Just Ask fo' Lucy

### The Kentucky Headhunters

Well, out in the country at the Crossroads Bar  
You don't dress up, you just go like you are  
Hey, don't you know you can make it all right  
There's a good band playing there Saturday night  
Just ask fo' Lucy - she's serving all the drinks  
Just ask fo' Lucy - she'll do anything  
And she's got the body that'll make you squall  
Good timin' Lucy, sh-sh-she can do it all  
She likes to rock - and roll  
She's got that good old country boogie-woogie down in her soul

Well, when you're feeling down and your money's low  
You want to do somethin' but there's nowhere to go  
Just call up your buddies and put 'em in your car  
Lucy's dancing at the Crossroads Bar

Just ask fo' Lucy - she's serving all the drinks  
Just ask fo' Lucy - she'll do anything  
And she's got a body that'll make you crawl  
Just ask fo' Lucy - sh-sh-she can do it all

She likes to rock - and roll  
She's got that good old country boogie-woogie down in her soul

She likes to rock - and roll  
She's got that good old country boogie-woogie down in her soul  
Yeah, she likes to rock  
I said, loose control  
She's got that good old country boogie-woogie down in her soul  
She's got that good old country boogie-woogie down in her soul
