

WRONG

The Kid LAROI

Internet money, bitch

I know that we ain't gettin' along
But I wanna see you when you're wrong tonight
Girl D-N-D your phone
I'm tryna get you when you're wrong tonight
Bad and you know it
You tell me that you're with it, gotta show me now
Mix the Hennessy with emotions
I'm tryna let go, can you hold me down?

You got it, you got it, girl, and you know that shit
Tell me you want the world, can't give you all that shit
Let's get out the Hennessy, let me pour that shit
I'm tryna make memories, give me all that shit
Let's make something, shawty take drugs till the sun come up
In a Wraith truck, give me brain, uh, give me all that, uh
Give me all that, do it how you want it
I don't even gotta ask 'cause you bad and you know it

I know that we ain't gettin' along
But I wanna see you when you're wrong tonight
Girl D-N-D your phone
I'm tryna get you when you're wrong tonight
Bad and you know it
You tell me that you're with it, gotta show me now
Mix the Hennessy with emotions
I'm tryna let go, can you hold me down?

She wanna be my one and only
But I can't be the one she wanted
Baby, I'm sorry, sorry, I don't care
Baby, I'm sorry, sorry, I want better
Don't give a fuck, let's get drunk, and then fuck fucked up
I just wanna feel love
I'm gon' face one to feel some, 'cause she takes some
I don't got time to wait on you

I know that we ain't gettin' along
But I wanna see you when you're wrong tonight
Girl D-N-D your phone
I'm tryna get you when you're wrong tonight
Bad and you know it
You tell me that you're with it, gotta show me now
Mix the Hennessy with emotions
I'm tryna let go, can you hold me down?

Girl D-N-D your phone
I'm tryna get you when you're wrong tonight
Bad and you know it
