

## Blank

The Kills

I'm blank  
Just being frank  
I'm not even blue  
A blank  
Stranger on tape  
Talking over you

A daffodil  
Hangs its head  
It don't care  
For love  
If love is gone

You walk away  
No harm, no foul  
Ow, ow, ow  
Whoever you are  
Who was I to love you?  
Turn the place upside down  
No sign of you  
Now, now, now  
Nothing on the wall  
It's like I dreamt it all

I'm blank  
Numb as a fool  
What's it to you?  
A blank  
City awake  
Always jumping through

Smoke rings  
Making jokes with  
The late-night crew  
About love  
When love is gone

You're walking away  
No harm, no foul  
Ow, ow, ow  
Took the horns, left the bull  
Who was I to love you?  
Burn the place to the ground  
No sign of you  
Now, now, now  
Nothing but the ground  
I'm laying down on
