

Death Of An Angel

The Kingsmen

My baby's gone
And she left me to stay

My baby's gone and left me
My baby's gone away
My baby's gone
And she left me to stay o-o-oh
I know my baby's left
O-o-o-o-o-oh

I still remember the day
The day she went away
That was the day-y-y
That she left me to stay-y-y-y

I know my baby's gone
O-o-o-o-o-o-oh
O-o-o-o-o-o-oh

That was the death of an angel now
I don't know why
I want to be beside her but
I'm afraid to die

My baby's gone
My baby's gone away
My baby's gone
Here she left me to stay o-o-oh
Baby please come back home
O-o-o-o-o-o-oh
Dear won't you please come home
Woe woe woe

My baby's gone
My baby's gone away
