

# In Tall Buildings

The Kingston Trio

Someday my baby, when I am a man  
And others have taught me  
The best that they can  
They'll sell me a suit  
They'll cut off my hair  
And send me to work in tall buildings

So it's goodbye to the sunshine  
Goodbye to the dew  
Goodbye to the flowers  
And goodbye to you  
I'm off to the subway  
I must not be late  
I'm going to work in tall buildings

When I'm retired  
My life is my own  
I made all the payments  
It's time to go home  
And wonder what happened  
Betwixt and between  
When I went to work in tall buildings

So it's goodbye to the sunshine  
Goodbye to the dew  
Goodbye to the flowers  
And goodbye to you  
I'm off to the subway  
I must not be late  
I'm going to work in tall buildings

So it's goodbye to the sunshine  
Goodbye to the dew  
Goodbye to the flowers  
And goodbye to you  
I'm off to the subway  
I must not be late  
I'm going to work in tall buildings
