

Road To Freedom

The Kingston Trio

I'm gonna walk that road
That we walked long before
Many years ago
And we'll walk a hundred more

And we're comin' one by one
You didn't see us two by two
Every time you turn around
Another's comin' through

So we'll sing it long and proud
So everyone will know
That the road to freedom is a long
Long way to go

Turn and look out over there
Just as far as you can see
There are many more
Who have died for liberty

And we're comin' one by one
You didn't see us two by two
Every time you turn around
Another's comin' through

So we'll sing it long and proud
So everyone will know
That the road to freedom is a long
Long way to go
