Misfits

You've been sleeping in a field but you look real rested You set out to outrage but you can't get arrested You say your image is new, but it looks well tested You're lost without a crowd yet you go your own way

You say your summer has gone Now the Winter is crawlin' in They say that even in your day Somehow you never could quite fit in Though it's cold outside I know the Summer's gonna shine again Because you know what they say Every dog has his day

You're a misfit, afraid of yourself, so you run away and hide You've been a misfit all your life Why don't you join the crowd And come inside You wander 'round this town like you've lost your way You had your chance in your day Yet you threw it all away But you know what they say Every dog has his day

Look at all the losers and the mad eyed gazers Look at all the looneys and the sad eyed failures They're giving up living 'cos they just don't care So take a good look around The misfits are everywhere

You're a misfit

Afraid of yourself so you run away and hide You've been a misfit all your life But why don't you join the crowd and come inside You wander round this town Like you've lost your way You had your chance in your day Yet you threw it all away Now you're lost in the crowd Yet, still go your own way

This is your chance, this is your time So don't throw it away You can have your day Yes it's true what they say Every dog has his day The Kinks
