All I Need

The Kite String Tangle

When I lay down
And I'm on my own
The ceiling's folding

Walls disappear
And I forget about home
I forget about home

The longer I'm away
The more I want to stay
It's only a matter of time

Following the leader
Because I'm scared
That I'll get left behind

All I need
Is staring right back at me
And if I lost that
Well, I don't know

And all I see
Are places to escape to
A few have lost my shine
And it makes sense
To avoid the light

You took all that you wanted
And I let you from my sight
I'm finding it hard
To sleep at night

The longer you're away
The further I will stray
It's only a matter of time

What happens when you have nothing left
Not even me to hold

All I need
Is staring right back at me
And if I lost that
Well, I don't know

And all I see
Are places to escape to
A few have lost my shine
And it makes sense
To avoid the light

All I need
Is staring right back at me
A few have lost my shine
And it makes sense
To avoid the light
