LANDSLIDE

The Kite String Tangle

I feel the change
Every time I draw a breath or close my eyes
My vision fades
And I fear I'm running circles, walking blind

(I'm holding, I'm holding)
But I keep holding
I'm holding my breath
(I'm all in, I'm all in)
I think I'm right at the edge

This is what it feels like
Falling in a landslide
This is what it feels like
Wake me when it's over, wake me when it's over
Wake me when it's daylight
When gravity meets hope and both are satisfied
This is what it feels like
Falling in a landslide

Through dust and haze
I saw it rise and spread from our divide
In a wide open range
A distant spark of wonder caught my sight
(I'm holding, I'm holding)
But I keep holding, I'm holding my breath
(I'm all in, I'm all in)
So I keep falling, I'm falling again

This is what it feels like
Falling in a landslide
This is what it feels like
Wake me when it's over, wake me when it's over
Wake me when it's daylight
When gravity meets hope and both are satisfied
This is what it feels like
Falling in a landslide

This is what it feels like
Falling in a landslide
This is what it feels like
Wake me when it's over, wake me when it's over
Wake me when it's daylight
When gravity meets hope and both are satisfied
This is what it feels like
Falling in a landslide
