Mistakes to Make

The Kite String Tangle

When you reached the top
Did I flinch
When I looked down
Did I blink
Think of all the things
I could have been

And I'm sorry
For how I acted
I thought I changed, oh
But the fact is
I'm not who I paint myself to be

When it's my time
I'll step back with grace
When it's my time
You'll have all of me
When it's my time
There'll be no mistakes to make

And my shots, they ricochet
'Cause I should've been looking straight
But I've been over my shoulder
'Cause you're getting closer

When it's my time
I'll step back with grace
When it's my time
You'll have all of me
When it's my time
There'll be no mistakes to make

When it's my time
I'll step back with grace
When it's my time
You'll have all of me
When it's my time
There'll be no mistakes to make

And I'm sorry
For how I acted
I thought I changed, oh
But the fact is
I'm not who I paint myself to be

When it's my time
I'll step back with grace
When it's my time
You'll have all of me
When it's my time
There'll be no mistakes to make
