

## This Thing We Got

## The Kite String Tangle

Come on  
Stay a little longer  
You drove for like an hour  
Just to tell me that I talk too much

Can't you feel it getting stronger  
Can't you feel us getting closer  
Swept up and I can't get enough

Falling over at the thought  
Of getting over  
Just because I think we could go all night

Hoping I am on your mind  
Like you are on mine  
Who know's this could be my last thought  
I like this thing we got

I can't see myself with anybody else but you  
I can't see myself with anybody else  
I like this thing we got

I can't see myself with anybody else but you  
I can't see myself with anybody else  
I like this thing we got

Play no games with me  
And I won't play it cool with you  
If you don't know the rules  
Then I can lead the way

And I'm so glad you're getting to know me  
Even more for what you showed me  
Against the car parked outside my place

Falling over at the thought  
Of getting over  
Just because I think we could go all night

Hoping I am on your mind  
Like you are on mine  
Who know's this could be my last thought  
I like this thing we got

I can't see myself with anybody else but you  
I can't see myself with anybody else  
I like this thing we got

I can't see myself with anybody else but you  
I can't see myself with anybody else  
I like this thing we got

I don't ever want to let you go  
Let you go  
Let you go  
Don't want to let you go

I don't ever want to let you go  
Let you go  
Let you go  
Don't want to let you go  
'Cause I like this thing we got

I can't see myself with anybody else but you  
I can't see myself with anybody else  
I like this thing we got

I can't see myself with anybody else but you  
I can't see myself with anybody else but you
