

How Can Love Hurt So Much

The Knack

..Convincing myself
I don't want you
But nothing I say can make
you true

How can love hurt so much
How can love make you cry
When we hunger for love's touch
Why do we even try,
Please tell me

How can love cause such pain
Why the tears fill yours eyes
Love is trust, love not a game
Love is life with the sigh
Why do I believe in
dreams that don't come true
When the magic's over,
What can you do
Why do I have to love her
Why can't it be another
Was it the easier with you,
tell me

How can love hurt so much
How can love make you cry
When we hunger for love's touch
Why do we even try,
Please tell me

How can love cause such pain
Why the tears fill yours eyes
Love is trust, love not a game
Love is life with the sigh
tell me

How can love hurt so much
How can love make you cry
When we hunger for love's touch
Why do we even try,
Please tell me

How can love cause such pain
Why the tears fill yours eyes
Love is trust, love not a game
Love is life with the sigh
