

We Are Waiting

The Knack

oh we are waiting to show
you a different view
we are waiting for you
please let us into your soul
it's the least we can do
we are waiting for you

we love you
we want you
we'll hold you
we'll haunt you
we're willing
we're waiting

please let us into your home
it's the least you can do
we are waiting for you
oh we are eager to know
what you're willing to do
we are waiting for you

we like you
we want you
we'll hook you
we'll haunt you
we're willing
we're waiting
