

Got 2 Let U

The Knife

Fuck!

I got to got to let you down
But in an hour I will change my mind.
I got to got to let you down
But in an hour I will change my mind.

It is like magic to me
Making mistakes and be forgiven
easily.
It is like magic to me
Making mistakes and be forgiven
easily (easily).

Fuck!

I know she lets me down
but just a short while then
she changes her mind.
I know she lets me down
but just a short while then
she changes her mind.

She does it all the time
Making mistakes and then I
ease her mind.

She does it all the time
But she's so pretty and I
don't mind

I got to let you down, but in an hour I will
Change my mind
It is like magic to me
Making mistakes and be forgiven so easily
(I got to let you down
Got to let you down
got to let you down
got to let you down)

I know she lets me down
But just a short while then she
Changes her mind
I know she lets me down
But just a short while then she
Changes her mind

She does it all the time
Making mistakes and then I
Ease her mind

she does it all the time
Making mistakes and I
Ease her mind

She does it all the time
but she's so pretty and I
dont mind.
