

After Dark

The Knocks

After dark
Dancing after dark
After dark
She's dancing after dark
After dark
Dancing after dark
After dark
She's dancing ...

Give it to me when the night falls while I'm out on the floor
Give it to me in the back room yeah behind closed doors
Give it to me on a week day, on a Friday night
2 step with the devil in the pale moon light

If you're cool sittin sippin lemonade with your goons
And you think you got it made, you're a fool
Pay attention cuz she's breaking all the rules

Give it to me when the night falls while I'm out on the floor
Give it to me in the back room yeah behind closed doors
Give it to me on a week day, on a Friday night
2 step with the devil in the pale moon light

If you're bad mister mister think you got it in the bag
Think again cuz you got nothing that's a fact
She could give you everything you never had

Give it to me when the night falls while I'm out on the floor
Give it to me in the back room yeah behind closed doors
Give it to me on a week day, on a Friday night
2 step with the devil in the pale moon light

After dark
