

Awa Ni

The Knocks

Awa ni yen, awa ni yen
Awa ni yen, awa ni yen

Open my eyes to the sun on my skin
Try'in get buck wild so I hit up my kin
We down to go somewhere to pull off last night again
They know us at the bar, bar man give us a regular

Who has the sauce, we
Who brings the ginger to the floor, me
Who has the kids all hype
Up to your mom and down to your wife (Awa ni)
Who has the sauce, we
Who brings the ginger to the floor, me
Who has the kids all hype
Up to your mom and down to your wife

Awa ni yen, awa ni yen
Who has the kids all hype
Awa ni yen, awa ni yen
Who keeps it live all night
Who has the kids all hype (Awa ni)
Who keeps it live all night (Awa ni)

Up to no good gang you can ask about us
Love to cause chaos and the chaos loves us
We have our problems but we're too hype to solve 'um
They know us at the bar
Bar man gave us a regular

Who has the sauce, we
Who brings the ginger to the floor, me
Who has the kids all hype
Up to your mom and down to your wife (Awa ni)
