

# Big Bills

## The Knocks

I'm goin' outta my mind, I never felt so gone  
Baby, you know that I'ma be someone  
Sign of the times, you better get you some  
Everyone shinin', I gotta find it

Sittin' on a wave, on a wave far away  
Sippin' on the fame till the taste gone  
Send 'em to the bank, to the bank, keep the change  
Livin' every day till it pays off

I don't wanna get caught up  
I could never just slow down  
I'm just tryna get on up

I'm goin' outta my mind, I never felt so gone  
Baby, you know that I'ma be someone  
Sign of the times, you better get you some  
Everyone shinin', I gotta find it

I want them big bills  
To see how it feels  
(You gotta get you some)  
Don't want no cheap thrills  
So give me big bills  
(I wanna get me some)

Everything is gold for the show, for the show  
But you ain't even know what you paid for  
Spendin' all you own, easy come, easy go  
So let me get it all, what I came for

I don't wanna get caught up (Caught up)  
I could never just slow down (Slow down, baby)  
I'm just tryna get on up

I'm goin' outta my mind, I never felt so gone  
Baby, you know that I'ma be someone  
Sign of the times, you better get you some  
Everyone shinin', I gotta find it

I want them big bills  
To see how it feels  
(You gotta get you some)  
Don't want no cheap thrills  
So give me big bills  
(I wanna get me some)

I don't wanna get caught up (Yeah, yeah)  
I could never just slow down (Yeah)  
I'm just tryna get on up

Sittin' in my 'llac, in my 'llac, in my 'llac  
Still countin' up these racks, pilin' bag after bag

I am still movin', stay shinin'  
Can't nobody stop my grindin'  
Oh, fuck, nigga, go and get behind me

Still sittin' on bread from the 90s  
Never fall out boy, we stay climbin'  
Up, up the charts, it's all perfect timin'  
Been platinum, went diamond  
That's 10 mil sold one album  
Still ill, real co-sign rhymin'  
Big bills, big grills  
All gold, everything, I'm smilin'  
Weekend get away on islands

I want them big bills  
To see how it feels  
(You gotta get you some)  
Don't want no cheap thrills  
So give me big bills  
(I wanna get me some)

I don't wanna get caught up (Caught up)  
I could never just slow down (Slow down, baby)  
I'm just tryna get on up
