

Don't Talk Love

The Knocks

Why don't you give me a moment to calm down
'Cause I know you'll always come callin' with somethin' else
Now don't go thinkin' I don't know the ropes
Say what you want, but darlin', a lover, do you even know

Oh, tell me somethin' new
But don't sell me something used

Can't talk to me about...

So what
Don't talk to me about love
So what
You can't talk to me about love
So what
Don't talk to me about love
So what

(Dont talk love without a warning
Oh-ooh, give me time, another moment)

Well okay, I'm foolish, I'm stupid, that's so hip
Well you don't say, I'm coolin', no bullshit, just go with it,
oh

Oh, tell me somethin' new
But don't sell me something used

Can't talk to me about...
Can't talk to me about...
Don't talk to me about...

So what
Don't talk to me about love
So what
You can't talk to me about love
So what
Don't talk to me about love
So what
You can't talk to me about love

Can't talk to me about...
Can't talk to me about...
Don't talk to me about...
