

Gimme Love

The Knocks

You're like the sun
And I could use some of your light
Sometimes, I get stuck on the shadow side

I got all the love in my bones
And you make it show
(Oh-oh-oh-oh, oh-oh-oh-oh)
Sundays, we will lay low
Old movies all day
(Oh-oh-oh-oh)

So, baby, come give me your love
So, baby, come give me your love
So, baby, come give me your love
So, baby, come give me your love

And me, I'm a fool
For you and the dance of love
When you move, you become
My electric guru

I got all the love in my bones
And you make it glow
(Oh-oh-oh-oh, oh-oh-oh-oh)
When I see your hips go
I lose control
(Oh-oh-oh-oh) Lose control

So, baby, come give me your love
So, baby, come give me your love
So, baby, come give me your love
So, baby, come give me your love

You make my heart melt
'Cause you're not like anybody else
Shine like the midnight sun
'Cause you might be the one

So, baby, come give me your love
So, baby, come give me your love
So, baby, come give me your love
So, baby, come give me your love
