

# New York Luau

The Knocks

Look, I just came here to let it go  
I stay high like stiletto yo!  
Catch no smoke at the red ropes  
Press replay that's the echo  
This that turn up cool out  
That bass trip New York luau  
That Lucy in the sky with the Dior shoes out  
Sipping on the rice till it's blue out

Feel my heat when the beats on  
All feet collide on the d floor  
Let's get caught in the middle yo  
Let's take lots not a little yo  
Cherry lip balms and a dope Prince song  
Hold my drink on the video

This that turn up cool out
