

# Ride or Die

The Knocks

Maybe it's nice to be alone in the end  
You know I'm fine living so close to the edge  
Who needs a house when I've got all these friends?  
They say, "are you gonna give up some day?  
Are you gonna grow up some day?"  
Ooh

I know we're getting older but that don't mean it's over  
Ooh  
I know we're getting sober but that's not on my mind

We can do this every night  
You can be my ride or die  
And we can live this way every day  
Go out like dynamite, I'm living like, ride or die  
Gonna live this way every day

Live, like, live, ride or die  
Live, like, live, ride or die

Don't need a license when you've got no drive  
It feels so right taking the wrong advice  
They tell me one day that I'll pay the price  
They saying maybe I'll go up in flames  
Maybe it'll blow up one day  
Ooh

I know we're getting older but that don't mean it's over  
Ooh  
I know we're getting sober but that's not on my mind

We can do this every night  
You can be my ride or die  
And we can live this way every day  
Go out like dynamite, I'm living life, ride or die  
Gonna live this way every day

Live, life, live, ride or die  
Live, life, live, ride or die

I know we're getting older but that don't mean it's over  
Ooh  
I know we're getting sober but that's not on my mind

We can do this every night  
You can be my ride or die  
And we can live this way every day  
Go out like dynamite, I'm living like, ride or die  
Gonna live this way every day

We can do this every night  
You can be my ride or die  
And we can live this way every day  
Go out like dynamite, I'm living like, ride or die  
Gonna live this way every day

Live, like, live, ride or die

Live, like, live, ride or die
