

River

The Knocks

I been dreaming of you and a bottle
No one leaving till we hit the bottom
Fade into me again
Fade into me again
I been thinking of nights on the river
Slowly sinking, how I'm gonna miss 'em
Fade into me again
Fade into me again

I been feeling the weight of the water
Drowning, deep end, have we hit the bottom?
Fade into me again
Fade into me again
I been thinking of nights on the river
Slowly sinking, how I'm gonna miss 'em
Fade into me again
Fade into me again

I been thinking of nights on the river
Slowly sinking, how I'm gonna miss 'em
Fade into me again
Fade into me again
