

The Feeling

The Knocks

I'm alive
When I'm high on your love
Like the lights
In the city above
For the first time
Shine on everyone

Here it comes (3x)

Cause I don't want fight it
(here it comes, here it comes)
I ain't got no reason
(here it comes, here it comes)

I don't want fight it
I ain't got no reason
I don't want to fight it
If I got the feeling
