

Me Minus You

The Kolors

Do you know how to realise?
I'm willing to give it all that I got
Just to know I will make it out with you
Maybe just one minute more
Could have saved what you are crying for
But I'm gone and it's not because of you

You don't have to worry about the things you could have done that night
It was my moment not just something that I could decide
It didn't happen just because you didn't stop my ride

No, you know that I'm not cool like you
I'm not true like you
I'm trying to figure out your mood, yeah-eh
No, you know that I'm not cool like you
I'm not true like you
It's not our world me minus you, yeah-eh, woah
Oh woah, oh woah mhh

Are those moments still inside?
Don't be afraid of my whispers at night
Don't you know?
That I'm still here next to you
Grab our dream of being one
Cause I'm feeling lonely... lonely!
You've gotta know that I'm still here next to you
You don't have to worry about the things you could have done that night
It was my moment not just something that I could decide
It didn't happen just because you didn't stop my ride

No, you know that I'm not cool like you
I'm not true like you
I'm trying to figure out your mood, yeah-eh
No, you know that I'm not cool like you
I'm not true like you
It's not our world me minus you, yeah-eh, woah

So wipe your eyes
You know you're not alone, don't make me feel alone
Wipe your eyes
You know you're not alone, don't make me feel alone

No, you know that I'm not cool like you
I'm not true like you
It's not our world me minus you
