

Something About The Way You Love Me

The Kry

will tell of all Your mighty works
Of Your wonders, all the things You've done
Of how You've always been so good to me
Yes I will tell

I will sing of Your amazing grace
Of Your tender mercies, Lord, for all my days
Of how in weakness You have been my strength
Yes I will sing

There's something about the way you give
There's something about the way you hung on that cross
There's something about the way you love me
Makes me want to love you more

I will tell of Your unfailing love
The unearned favor You show all of us
How each good and perfect gift is from above
Lord, I will tell

I will sing of Your great sacrifice
I'll find my glory in my Savior crucified
How on the third day, You came back to life
I will sing
I will sing to You, yeah ...

There's something about the way you give
There's something about the way you hung on that cross
There's something about the way you love me
Makes me want to love you more
Love you more and more

Alleluia, You gave me life (Holy, Holy)
Alleluia, I thank You for Your love

Alleluia, Alleluia, Alleluia
I thank You for Your love
Alleluia, Alleluia, Alleluia
I thank You for Your love
Your sweet love, O Lord
Lord I thank you
I thank you
There's something about your love
There's just something about the way you love
