

# Hurt Like Hell

The Lacs

I ain't gonna lie, it hurt like hell  
Seeing you with someone else  
Though I try to drink you away  
I need to shake off some of this pain  
I'll be alright, I told myself  
Ever since the day you left  
Through all the pain and the heartaches that I felt

Baby, I don't know how we got here  
Let's take a quick stroll through the past year  
I wanted to love you, but the love's gone  
And we both know we both done wrong  
So now I'm sitting, sipping whiskey, dreaming and thinking about the times  
Which one of your memories true and which one of your friends are lying  
I tried, you know I did, surprised you with a kiss  
You turned your back on me, so rise up on the fifth  
Get drunk enough to take another girl home  
But it's hard when you know your whole world's gone  
And I don't wanna live like a deadbeat  
But the whiskey is the only thing that helps me

I ain't gonna lie, it hurt like hell  
Seeing you with someone else  
Though I try to drink you away  
I need to shake off some of this pain  
I'll be alright, I told myself  
Ever since the day you left  
Through all the pain and the heartaches that I felt  
Man, it hurt like hell

I take another drink to try to ease the pain  
I don't know what to think, just wanna fade away  
Saw a card, said "save the date," I miss you in a major way  
I can't believe that we ain't speak ever since last Labor Day  
My mama told me, "Baby, I'm gonna pray for you"  
I called her mom and dad and sisters, nothing they can do  
We've been broken up, but never more than a day or two  
I just wanna lay with you  
After all this shit, I thought we made it through  
I saw you with your new man just yesterday  
And walking hand in hand, everything was looking great  
I know that you know it does and you was looking so in love  
And even on this three-day drunk, there ain't no getting over us

I ain't gonna lie, it hurt like hell  
Seeing you with someone else  
Though I try to drink you away  
I need to shake off some of this pain  
I'll be alright, I told myself  
Ever since the day you left  
Through all the pain and the heartaches that I felt  
Man, it hurt like hell  
Man, it hurt like hell  
It hurt like hell
