The Lacs

Drop it, drop, drop, drop it down low low [x7]  
Drop it down low, make the rooster crow

Drop, drop drop  
Drop, drop drop drop  
Drop, drop drop, drop

Drop, drop drop  
Drop, drop drop drop  
Drop, drop drop  
Drop it down low, make the rooster crow

Stand there, tattooed, doing her thing  
Driving me wild, like I'm going insane  
It won't take much, bout three or four drinks  
She can get loose, not worry bout shame  
Drop it to the flat line, rattle that cage  
Them boys at the bar messing round, get rage  
Try moving in fast, she tell ya get going  
Girl is shaking that ass to her favorite song  
Dance to the night, into the hot sunrise  
Got me perched up high, for them tanned up thighs  
Man I'm on another level but it's all good though  
Girl drop it down low, make the rooster crow

Drop, drop drop  
Drop, drop drop drop  
Drop, drop drop, drop  
Drop it down low low  
Drop, drop drop  
Drop, drop drop drop  
Drop, drop drop  
Drop it down low, make the rooster crow

Shawty shaking and she looks so fly  
This girl here is just my type

Big hips and that ass so fine  
I really wanna take her home tonight  
I ain't never seen that before  
The way she dropping n' scrubbing that floor  
Make me wanna say oh my Lord  
Moving so fast, like it's stuck in fast forward  
So many sides till the lines got blurred  
She's dropping, man, that's so absurd  
City girls got nothing on her  
Drop it down low, make the rooster crow

Drop, drop drop  
Drop, drop drop drop  
Drop, drop drop, drop  
Drop it down low low  
Drop, drop drop  
Drop, drop drop drop  
Drop, drop drop  
Drop it down low, make the rooster crow

Shawty got a cup bout'ta get drunk  
Walk into the club, bout'ta get crunk  
Somebody make em all show out  
Now your ass gonna get thrown out  
She's sweatin' and she's starting to glow  
Now she went from her head to her toe  
Bend it over and you already know  
She drop it down low, make the rooster crow

Drop, drop drop  
Drop, drop drop drop  
Drop, drop drop, drop  
Drop it down low low  
Drop, drop drop  
Drop, drop drop drop

Drop it down low, make the rooster crow
