The Lacs

Hey man I'm out shootin' a video, whatch y'all doin? Probably sittin' on the couch. I used to be just like you. 2 am eatin' hot pork rind cracklins and watchin' re-runs of Jerry Springer. Then one night I seen a commercial for Po Dunk University. So I called the number, and I've been working the last three weeks now. (Po Dunk University how may I direct your call.) Now when me and my friends go out to eat at McDonalds I can pay for it. Long as it's on the dollar menu. (Thank you come again)
