

My Little Red Book

The Last Shadow Puppets

I just got out my little red book
The minute that you said "goodbye"
I thumbed right through my little red book
I wasn't gonna sit and cry
And I went from A to Z
That you've got every little girl in town
You danced with me and as I held you

All I do was talk about you
Hear your name and I'd start to cry
There's just no getting over you

There ain't no girl in my little red book
Who could ever replace your charms
And each girl in my little red book
Knows you're the one I'm thinkin' of
Oh won't you please come back
Without your precious love I can't go on
It's hurting me, I need you so much

All I do was talk about you
Hear your name and I'd start to cry
There's just no getting over you

All I do was talk about you
Hear your name and I'd start to cry
There's just no getting over you, oh no, oh no

Won't you please come back
Without your precious love I can't go on
It's hurting me I need you so much

All I do was talk and talk about you
Hear your name and I'd start to cry
There's just no getting over you

All I do was talk and talk about you
Hear your name and I'd start to cry
There's just no getting over you, oh no
