

# Of All Humanity, the Sum

## The Last Ten Seconds of Life

One stitch undone  
And the cosmos gave way  
Flashing visions of the unseen  
Today is the day

Ashes to anguish

Now this is your punishment  
Ashes to anguish  
Struck down  
Now this is your punishment  
Dust to dying and back to dust  
Time's up

Laugh at existence and take a bow  
Just containers of souls  
Ate up and spit out  
Ancient truths have been sung through the trees  
But not for me  
Modern day son  
Modern day scum

Only solution's blood for blood  
That's a fuckin' fact  
Now that it's opened up yeah there's no goin' back  
Sick sad gospel created by man  
Ate up  
Spit out  
To be  
Struck down

This is your punishment  
Bite the bullet  
Ate up to be spit out

Ashes to anguish and dust to dust  
Fuck it

Now this is your punishment  
Ashes to anguish  
Struck down  
Now this your punishment  
From dust to dying and back to dust  
Time's up

One stitch undone  
And the cosmos opened up  
The truth will set you free  
Of all humanity, the sum

Of all humanity, the sum

For all humanity death will be

Seraphim denied  
Archaic disconnect  
Confined to mortal flesh

Beyond the veil  
Soul disemboweled  
Upon godhead spat  
Eviscerated rebirth  
All will be revealed now

This is your punishment  
Now this is your punishment  
Ate up to be spit out
