

I'll Get By

The Lathums

Where're you from? Can I come?
Well, I'd like to be about everywhere
To have fun, oh, I run
I don't know where I'm going but I know that I

I'll get by on the things you like
And we'll be alright, I know
And if you want to, I can help you
Help you feel alright

Oh, the road is long
But I've got you and you've got me
We belong anywhere we roam

I'll get by on the things you like
And we'll be alright, I know
And if you want to, I can help you
Help you feel alright

And I hope you can see
All the best parts of me
'Cause you are the one thing I believe
That will save me from all this pain

I'll get high on the things you like
And we'll be alright, I know
And if you want to, I can help you
Help you feel alright

Maybe you're the truth
Or maybe it's just you
Maybe you're the sculpture or you're the statue
Maybe you're the king
Or maybe you're my queen
Or maybe you are something
Something in between
