

Silence

The Leaves

It breaks the silence again
Soft velvet hands in the air
Followin' me up the stairs
Drownin' me then unaware, yeah
Yeah, I want you to know
Yeah, I want you to know
Cause it's there in your face
Yeah, it's there in your face
Lookin' at me
Looks like I've been there before
Stiff like a stone on the floor
When it breaks the silence again
Drownin' me then once again, yeah
Yeah, I want you to know
Yeah, I want you to know
Cause it's there in your face
Yeah, it's there in your face
Lookin' at me
Yeah, I want you to know
Yeah, I want you to know
Cause it's there in your face
Yeah, it's there in your face
Yeah, I want you to know (I don't know, 'bout anything)
Yeah, I want you to know (I've been told, it's only instinct)
Cause it's there in your face (I don't care, 'bout anything)
Yeah, it's there in your face (Afterall, it's only instinct)
Lookin' at me (I don't know, 'bout anything)
Lookin' at me (I've been told, it's only instinct)
Lookin' at me (I don't care, 'bout anything)
Yeah, me, yeah (Afterall, it's only instinct)
Lookin' at me
