

Suppose

The Leaves

Suppose I give you all my luck
But still it won't go right cause you don't hear me
I guess you won't be stayin' here
But look my hands they're shakin' all for you
Here, I can't breathe
I can't breathe, breathe at all
Still, I'm alive
I can't hear, hear at all
Suppose I would be far away from you
Suppose I leave you all my luck
But still it all goes wrong cause you don't see me
I guess you won't be stayin' here
But look my feet they're bleedin' all for you
Here, I can't breathe
I can't breathe, breathe at all
Still, I'm alive
I can't hear, hear at all
Suppose I would be far away from you
Suppose I would be far away from you
