

## A Lust For Powder

### The Legendary Pink Dots

Astrid. Astrid, do you think they know? Spy behind the curtains  
-  
see me now! I'm certain that they've seen it all. All the  
ammunition... watched you planting posters on the wall. They he  
ar us  
on the phone you know. We're not alone. We're not alone. We can  
give them all a show when we make love. The tape is running, gu  
ns are  
trained - I wonder when they'll fire? I'm losing hope, I'm feel  
ing  
scared. You feel it too? I'm sure you do! Let's ignore them -  
powder our noses. Powder our throats. Today I've got a lust for  
powder - a TOWER of powder. (If they shoot me now, I couldn't g  
ive a  
fuck...)
