

## Church Bells

The Lemon Twigs

So many wonderful people  
But this is the one I love  
So many beautiful people  
But you're who I'm thinking of

Ring-ring, goes the bell  
The church bells are chiming on riverside

So many beautiful cities  
But this is the one I love  
So many wonderful places  
But this one I hold above

Ring-ring, goes the bell  
The church bells are chiming on riverside

Six dollars a day, don't get carried away  
Don't get eaten alive  
My love waits for me on the Jersey side  
Her love waits for her on the Merseyside

Ring-ring, goes the bell  
The church bells are chiming on riverside

And my love she waits for me on the Jersey side
