

Fight

The Lemon Twigs

I need you
Just like I need a hole in the head
Listen up
Hear me out, I'm glad your mom is dead
Baby why?
Why don't we have sex anymore?
Probably 'cause
I'm always stuck picking your socks up off the floor

Big big fight
Just like any other
We don't care
We're always gonna hate each other
And I don't have
The strength to break away

I didn't know
I didn't know you used to make it with him
(Make it, make it)
Those were the days
Now I can't figure out where the day ends
Or where it begins

Does this look good?
It doesn't matter, look how heavy I am
(Heavy, heavy I am)
Need someone who
Can make me feel beautiful again

It's a big big fight
Just like any other
We don't care
We're always gonna hate each other
And I don't have
The strength to break away

God, it's hard to stand up
When you always feel down
And it only gets worse when you're around
My skin's coming loose
And my hair's falling out
And I'm going to explode
If you make a sound, oh

One more time

Big big fight
Just like any other
We don't care
We're always gonna hate each other
And I don't have
The strength to break away

I've got to break away
