

Go on Without Me

The Lemon Twigs

I guess they'll have to beat it in me
The others do not have the sympathy for me
Go on without me
The stairs are too small for you and me

I guess they'll have to beat it in me
The others do not have the sympathy for me
Go on without me
The stairs are too small for you and me

Sympathy for me
Sympathy for me

Did you hear what they said?
Or is it all in my head?

Go on without me
Go on without me
Go on without me
