

Don't Wanna

The Lemonheads

All my friends have gone away
Gone away for a long stay
I love you or so I say
Today, today

Yesterday I felt no shame
Now my state is plainly tame
Day to day, today today
I said hey, hooray

I don't wanna, I don't wanna
I don't wanna feel ev'rything
I don't wanna, I don't wanna
I don't wanna feel everything

Yesterday I felt no shame
Now my state is plainly tame
Day to day, today today
I said hey, hooray

All my friends have gone away
Gone away for a long stay
I love you or so I say
Today, today... hey

I don't wanna, I don't wanna
I don't wanna feel everything
I don't wanna, I don't wanna
I don't wanna feel everything

I don't wanna, I don't wanna
I don't wanna feel everything
I don't wanna, I don't wanna
I don't wanna.
