

# Live to Love You

The Lightning Seeds

From the day I saw you  
From the day I saw you, I  
I was waiting for you  
I was waiting for you here  
And now it's clear that

I love to love you  
I love to love you, love  
Love, love to love you  
I live to love you, love

The smile, the kiss, the simple truth  
It can change the world for you  
I'd love to love you

In the light I hold you  
I like to hold you near  
You know I still want you  
I still want you here  
And now it's clear that

I love to love you (I love to love you)  
I'd love to love you, love  
Love, love to love you (I love to love you)  
I'd live to love you, love

The smile, the kiss, the simple truth  
It can change the world for you  
I love to love you

You took a piece of my heart  
When I was broken  
You can see where the feeling starts  
But now we're closer it's taking over

I'd love to love you (I love to love you)  
I'd love to love you, love  
Love, love to love you (I love to love you)  
I'd live to love you, love  
I'd love to love you, I'd live to love you, I'd love to love you, love  
I'd love to love you, I'd live to love you, I'd love to love you, love

I'd love to love you, I'd live to love you, I'd love to love you, love
