

# Fool's Gold

## The Limousines

Put your hands on me  
And tell me  
That you could be in love enough

Put your hands on me  
And tell me  
You think you've got the guts  
To jump  
Into the unknown with or without me

I just gotta know  
If this is real  
Enough  
To touch

Of is this just fool's gold  
Fool's gold,  
Is this just fool's gold or something I can hold

Put my hands on you  
And tell you  
The things I'm thinking of  
Are dark  
Put my hands on you  
And tell you  
I think you gotta trust  
My heart

I just gotta know  
If this is real  
Enough  
To touch

Of is this just fool's gold  
Fool's gold,  
Is this just fool's gold or something I can hold

Maybe I'm lost  
Maybe I'm wrong  
But baby I saw us burning all night long

I just gotta know  
If this is real  
Enough  
To touch

Of is this just fool's gold  
Fool's gold,  
Is this just fool's gold or something I can hold

Put your hands on me  
And tell me
