

Once Upon A Time

The Linda Lindas

I think that it's funny how much you think you're right
And I'm laughing at you from very deep inside
I'm good at being angry
I'm good

I like to listen when everyone complains
I get to be useful in all the different ways
I'm good at being angry
I'm good

It's not about screaming
It's not about trying to hide
I'm trying to see how they see me
I'm trying to see what they like
And why are they all so angry?
I hate picking sides
It's just like they say in the stories
Once upon a time

I guess that I'm sorry I can't take it away
I guess they didn't train me to always take the blame
I'm good at being angry
I'm good

It's not about screaming
It's not about trying to hide
I'm trying to see how they see me
I'm trying to see what they like
And why are they all so angry?
I hate picking sides
It's just like they say in the stories
Once upon a time
Time

Don't make me feel too much, I feel guilty anyways
And give me all the plastic spoons from last week's takeaway
I can't carve a way out of this mess that we all made
But I'll build a house for you and all the things you gave away

It's not about screaming
It's not about trying to hide
I'm trying to see how they see me
I'm trying to see what they like
And why are they all so angry?
I hate picking sides
It's just like they say in the stories
Once upon a time
